

# Our Google Classroom Rules

## Guidelines for Virtual Learning Behaviour

Start the day by logging into our Google Classroom at your assigned meeting time!

Choose a quiet place to sit with your device - a table is best! Pretend you are at school! Have a grown up or older sibling available to help you.

Be kind and respectful to everyone. Make sure your video camera is on and your microphone is muted when it's not your turn to speak.

Listen to the teacher and classmates, and follow directions. Avoid distractions like TV, toys and pets.

Unless your teacher asks you to, please do not get up and walk around. Save your snacks for our recess break!
